Synopsis:

Tom (16) lives in a Bavarian mountain village. Being mobbed and threatened in school he is able to overcome his own barriers after several dramatic days. Tom is gay, he is chatting with other boys over the internet, but he would never admit it in front of others. By coincident he finds out, that Nikias - one of the cool guys in school, who mob Tom - is affected to boys as well. To be more accurate: Tom finds Nikias kissing another guy. OUT NOW is a story about how it feels being a homosexual teenager and having nobody to talk to. About the fact, that homosexuality is not a matter of outside appearance, and that everyone could be it. Gays fall in love like everyone, its just not girls they desire...
